Dear Mr. Murphy:

RE: East Canyon Mine (Sec.25, T31S, R24E), Filing Requirements and Clean-up

Enclosed is a draft form for small mine operations. Please complete this form for your mine in East Canyon. We also welcome any suggestions you might have for improving this form. It is also necessary for you to file notice with the Bureau of Land Management, San Juan Resource Area. Mr. Dan Netcher (Ph: 587-2141) would be happy to assist you in this matter and can supply you with a seed mix for reclaiming the site when it is mined out.

The mine is located very close to school section 36. If any portion of the mine site or workings are on the state section, you will also have to contact Mr. Jerry Mansfield of State Lands and Forestry (Ph: 538-5479).

As I told you on the phone, my primary concern at this time is to have the trash on site cleaned up. We wish you best of luck in your mining operation and look forward to hearing from you.

Sincerely,

Frank J. Filas
Reclamation Engineer
